A Great Experience

Review of Club Med Bali
Reviewed 16 December 2018 via mobile

It was our family's first time to Bali and experiencing a Club Med holiday. We had a great time and we simply couldn't get enough of it. The friendliness and high energy from the GOs were extremely contagious.

We would like to praise Dolphin, Koki, Rebecca and Rayaana who made our experience extra special because of the genuine interactions they had with us. My two daughters enjoyed the activities very much especially the sea sports. Special mention to Travis who was so warm and he took good care and looked out of my girls when they participated in the sea activities. Thanks to Tawan too who provided them the wind surfing training before they embark on their surfing (it was their first time). He even showed concern and checked on my younger daughter when she suffered motion sickness during our sunset boat cruise.

To our delight, the food was really good too-with pleasant presentation and taste! The restaurant staff consistently greeted us with a smile. They were polite and served us with a smile. However, they could be a little more proactive when serving drinks.

The night entertainment was really entertaining and we were amazed by the amount of work and effort that were put in behind the scene by all the hardworking GOs. Especially Vincent, who even performed a stunning Miss Bali segment and that amused many guests that were present. Not forgetting Hansley. He hosted the night programmes so professionally.

Our girls loved many of the activities offered and are already missing the place. We truly thank God for blessing us with a beautiful time in Bali and for keeping us safe. We will always cherish this memorable experience.

Company Trip 2018

Review of Club Med Bali
Reviewed 24 July 2018 via mobile

I am absolutely furious with Club Med Bali for stealing my heart! I'll definitely return to get it back! Awesome 3days-2nights company trip, wished it lasted longer. Love the space Club Med offers, beautiful place, unfortunately photos isn't worth a thousand word.

You will have to see & experience it with your own eyes. Function rooms r spacious n well equipped for the masses - my group has 67pax.

I am not going to complain about the bed or room, spent hours outside enjoying endless activities - water sport, archery, tennis, snooker, trapeze, circus shows,endless...till past midnight. When it's time to hit the sack, it was a peaceful night. Food wise, large selection of buffet spread, I assure you will get your daily needs of protein & greens, to power up ur daily activities & more.

Kudos to ALL Club Med staffs who made this trip a memorable one. Their friendliness & dedication to serve each guest can't be achieve by putting their hearts & soul into their job each & everyday. Honourable mention to friends at the beach house, ensuring that snorkeling, windsurfing, Kayaking.... is safe activity for the entire family.

Again, I wished I had more time there. I'll end this off with, it's never goodbye, but see you again!

"Spent hours outside enjoying endless activities"

Holiday at its best

Review of Club Med Bali
Reviewed 19 November 2018 via mobile

We booked our holiday directly with Club Med. As per what it promises, our holiday exp was wonderful. From transfer to check in has been very smooth and seamless.

"Love the space Club Med offers, beautiful place"

We are in two interconnecting deluxe rooms as we are travelling with our 3 kids (8, 11 & 12)- Rooms are neat and tidy. Spacious enough for the five of us. Toiletries are well stocked. Everything is good and if air con can be adjusted will be even better as one of the room is a little too hot to our liking.

Club Med offers a wide variety of food in their Agung Restaurant. and for a different dining experience, one can also head to The Deck where gourmet menu is offered.

Our kids are veeey occupied with the activities offered by the club wvery day.Thanks to the friendly GOs who have painstakingly organised these activities.

While the kids are kept busy, we have gone to try our hand on golf, tennis, kayak, snorkelling, archery, yoga, pilates, etc. One must definitely check out their zen pool where only 18 years and above are allowed to use. Very tranquil indeed.

Housekeeping is great! so thumb-up for good work done.

GO such as Dolphin, Anita, Ketut (golf), Hugo and Vincent have been wonderful. We also received awesome services from Dewi (Agung), Anita(agung), Dedi (the bar and the deck)and Jessie (Kids Club).

Thank you Club Med for giving us a wonderful holiday experience.

Tiring Holiday but Absolutely Fabulous

Review of Club Med Bali
Reviewed 3 weeks ago via mobile

Have always wanted to go to Club Med and always had reservations that it might be too 'high-octane' for someone who's not exactly an extrovert. Glad to say, although at 48yo, I was able to enjoy the many wonderful activities there. Aching all over but feeling pumped being able to try a few activities for the first time. The GOs were superb - Love for Yoga, the effervescent playful Bacon for Aquagym, Candy who never gave up on me when I felt like giving up doing the trapeze, the other trapeze trainers Ian, Austin and Wayu who instilled confidence, the friendly crew Rere, Rovin and Alice, Cori who was hilarious while imparting tennis skills and all the restaurant staff who were polite and efficient. Also glad to see the managers like Vincent hard at work checking on guests all over the lovely compounds. I shall look forward to visiting another Club Med property as this trip has given me the confidence that an all-inclusive resort is something I'd enjoy.

Review of Club Med Bali

4 Days 3 Nights Families Stay in CM BALI.

It was an awesome trip to Bali CLUBMED. Where we excited for so long. So far, I would say that it didn't disappointed us at all. We had a very very great time.

CLUBMED Bali is way beyond our expectation. We love it. Although there's a little hiccup for our check-in into rooms and others things (include flight delays), but didn't change our excitement feelings.

When we arrived, thanks to all the GO's waving to us and greetings from the CDV "Jeremie", with a great warm welcome and speech. Sounds like our party's starting right here and right now on the spots. The environment looks perfect for us. We're so lucky that ZEN Pools are just in front of our doorsteps. Perfect zen place where the fine dining restaurant is just to it. You can easily grab your breakfast, or lunch there. We had our very great time in that restaurant all time. Thanks to the staff "Susi" who served us very well.

Through our day and night, non-stop of sports activities and parties at night. The Crazy Sign holds by Jeremie will never stops. You will feel like you want more and more. Although a little disappointed that the Main Bar is closed for renovations, but we still managed to get any drinks from the temporary bar.

I love the Trapeze, as I managed to do the Catch on my last day before departure. Thanks to the instructor Go's "Claudia, Ian, Ashley, Akiha" for the lesson and Ian managed to catch me at the end. I'm lucky to received a Certificate from the team as well. Really had a great time. Looking forward to do another catch soon in future.

A vacation for a family where all member's needs are taken care off, and you are wont for anything. Facilities and activities are aplenty to suit anyone's tastes, be it to relax, to do sports, fun in the sun, excursions or to enjoy the various food and drinks on the menu. Traveling with a baby and kid has never been easier or more enjoyable. Staff are the friendliest on the planet.

Another great holiday!

Review of Club Med Bali

🌟🌟🌟🌟 Reviewed 3 September 2018

Was back visiting CM Bali with my cousin and her family from London just last month and the experience was as amazing as the one i had early in the year. G.Os were friendly as always especially Dolfi & Ana (bar), Akiha (trapeze) who accompanied us for a few meals and had fun conversations, Oka & Ketut (golf), Sherif (Deck), Gill (archery) and Travis (watersports) who makes great and tasty BBQ meats.

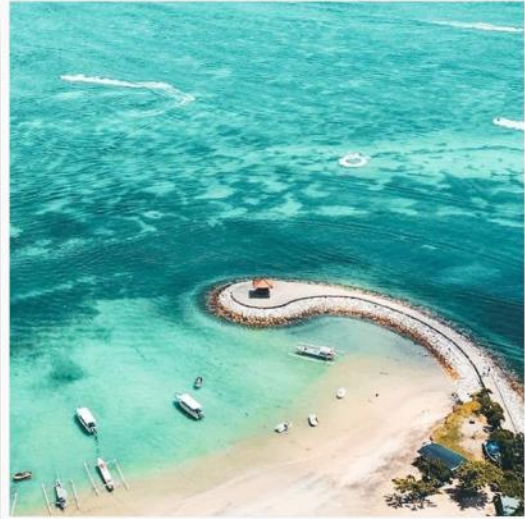

Special mention to the ever present Ibra (housekeeping), who again has been so hospitable and helpful in all areas of CM. U'll see him everywhere and is always with a smile on his face. Room arrangements organised by him were superb as we were near each other despite it being a peak season. On top of that, he also has a wonderfully jovial, bubbly and well organised team in Ariel, Julie and Ruby, who helped with transport arrangements, room amenities and the Deck booking - thank u ladies and hope to see all of you again...soon...in another CM!! You G.Os are the life of the village :))

sandranleytang Not sure what I'm doing here lol but the past few days have been crazzzzy. The short story is that @ryanphiliptonge and I took a boat to explore an island we've never been to with zero plan and no accommodation. I almost touched a sea turtle snorkeling, bought our own fireworks for NYE and entertained a village for a good 40 secs, got caught in heavy rain riding and got saved by some wonderful people with chickens in a village, got hit with some badass Bali Belly (food poisoning) from room service and felt like were dying for a whole day until we rode for an hour to an IV Drip clinic and felt 10x better instantly. Finally on day 4 we've made it to @clubmedbali in one piece. Here, maybe about to throw up but- WHAT AN AMAZING WAY TO START THE YEAR.
